Document: HHS-OS-2010-0018-DRAFT-0054

Comment on FR Doc # 2010-17242

Submitter Information

Name: Emily Baratta

General Comment

Contraceptive care is an essential part of preventative care for all Americans, but especially for women. Unwanted pregnancy can take a tremendous physical and emotional toll on a woman, often requiring further, expensive care. Including contraception as preventative care without delay is a more cost effective way to ensure healthy mothers and babies.

Thank you.
